

Nicholas Patton

Full Stack Software Developer

About Me

I'm a Nashville native that decided to leave warehouse and retail work and pursue a new career. I've always had a penchant for technology and creativity, so software felt like the perfect path for me.

Experience

Nashville Software School

Full Stack Software Development

February 2021 - August 2021

- Worked with technologies such as HTML, CSS, JavaScript, React, and C#
- Worked individually and in teams using the Scrum framework

Fedex Ground
